MESSAGE FROM RECTOR

Dear prospective international students,

As the Rector of Vo Truong Toan University, it is my privilege to speak with confidence about our medical program. From the student selection process, to the curriculum and training, our program is designed to develop students into competent practicing physicians. We welcome all International students, to our modernized Vo Truong Toan University which will be running its courses, in the English medium, and fulfill your dreams of becoming a doctor.

The curriculum we follow is comprehensive and meets the highest standards of medical education. We have certain criteria to accept students and we want to give an opportunity to those that possess a serious approach to the medical profession. Personal characteristics of an applicant such as motivation, maturity, compassion and ambition for a career in medicine also play a very important role in our selection process.

The faculty is crucial to the success of any medical student, and we have dedicated professors that are well qualified and have great experience in training medical students. The teaching faculty has experience and is familiarized with the medical licensing exams, and proficiently prepares students for these exams.

In addition to the superior faculty and educational standards, the location of the school magnifies the passion for learning. Campus is situated near by Mecaon delta that provides a true academic environment for our campus. Last but not least, our school has a caring administrative staff. Everyone is friendly, sincere and always approachable. We want to make sure you are comfortable while pursuing your career in the field of medicine.

We wish you all the best for your future academic endeavors and welcome all Indian Students to VTTU, Vietnam.

Best wishes,

Dr. Duong Dang Khoa

Rector- VTT University

MESSAGE FROM ASIA HEAD

Dear Prospective Students,

We are thrilled to extend a warm welcome to all Asian students considering VTT University, Vietnam, for their higher education journey. As the Asia Head Admission Department, I am excited to announce that VTT University is opening its doors to international students for the first time, marking a significant milestone in our commitment to global education.

Choosing the right university is a pivotal decision, one that shapes your future and opens doors to endless opportunities. At VTT University, we pride ourselves on offering a dynamic learning environment, cutting-edge research facilities, and a vibrant campus culture that fosters academic excellence and personal growth.

At VTT University, diversity is celebrated, and students from all backgrounds are encouraged to thrive and succeed. Whether you're pursuing a degree in engineering, business, technology, or any other field, you'll find a wide range of programs tailored to meet your academic interests and career aspirations.

Moreover, Vietnam's rich cultural heritage, warm hospitality, and bustling cities provide the perfect backdrop for an unforgettable university experience. From exploring ancient landmarks to indulging in delicious street food, there's no shortage of adventures to embark on during your time here. We invite you to join our diverse community of scholars, innovators, and change makers at VTT University, where you'll not only receive a world-class education but also forge lifelong friendships and make memories that will last a lifetime.

Thank you for considering VTT University, Vietnam, as your academic home. We look forward to welcoming you with open arms and helping you realize your full potential.

Sincerely,

Ravi Kumar Sinha

Asia Head (International Admission Department)

Vietnam is located on the Indo-China peninsula in Southeast Asia. It has a long land bordering China to the North, Laos and Cambodia to the West, and Eastern Sea of Pacific Ocean to the east. The country's diverse topography consists of hills, mountains, deltas, coastline, and continental shelf.

Irreligion/Folk Belief (73.7%)

Buddhism (14.9%)

Catholicism (7.4%)

Protestantism (1.1%)

Hoahaoism Buddhism (1.5%)

Caodaism (including combine Buddhism, Taoism, Confucianism) (1.2%)

Others (0.2%)

With 98,186,856 people, Vietnam ranks 15th among the most populous countries in the world. 30% live in urban areas and 70% in rural areas.

Economy wise its among fastest growing countries. Its estimated GDP 2022 is 7.5.

Why Study In Vietnam

Top 25 Reasons to Study in Vietnam

The MBBS in Vietnam is recognized and approved as an equivalent course to the MBBS by the NMC (Medical Council of India) which has established and maintained uniform standards of medical education.

There is no donation required to enroll in Vietnam medical college, unlike, unlike Indian medical colleges.

Vietnam medical universities are widely renowned in many countries for their superior standard of education and are also listed in the WHO, IMED, and ECFMG medical education directories.

Vietnam follows an International education system that opens numerous opportunities to make a career in many countries around the world.

Vietnam medical colleges are regulated by the Vietnam ministry of education and that is why Vietnam colleges do not have any capitation fees as well as no donations to be paid for enrollment.

The English medium of instruction diminishes the barrier of learning the native language and helps to concentrate only on the study.

Did you know?

Vietnam and India both have a tropical climate that helps you to quickly adjust to the Vietnam climate.

« Another advantage of an Indian student is the climate of Vietnam. Vietnam's climate varies from 23 °C to 32 °C throughout the year, which is very alike to the Indian climate and helps Indian students in settling with no trouble. The other advantage of the similar climate is people, have the same pattern of disease which aids the Indian students who want to practice in India.

Why Study In Vietnam

DID YOU KNOW?

Vietnam is listed on the 16th as the most populous country in the world, hence you will have a greater opportunity to practice with a varied and large number of patients.

- Vietnam is a very safe and secure country for students. No Religious fight no political or territorial cold war with anyone.
- Vietnam produces all kinds of grains, vegetables, fruits, and Spices smellier than India so there is no issue with the availability of Indian food.
- In Vietnam getting admission to Manila would be the best for foreign students as it is the most secure city in the world in terms of crime.

The living cost in Vietnam is very less compared to others along with there is a very big difference (Rs. 1 is equal to 293 Vietnamese Dong) in Vietnam currency. Vietnam is more affordable in all aspects.

PROFESSORS

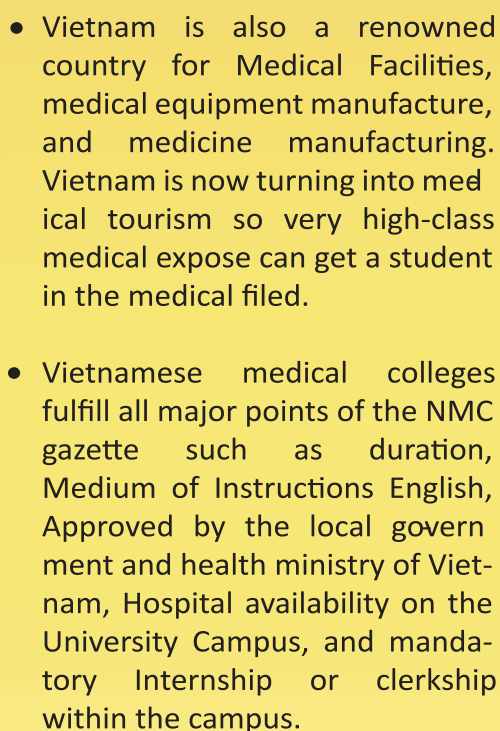

- Professors in the university are coming from different countries, including USA and India who are highly qualified and experienced in the allied field.
- The entire faculty of the Vietnam medical colleges are cooperative and ready to help you with every query.

Why Study In Vietnam

- 
- As the MBBS degree of Vietnam is recognized by all organizations and authorities, you can practice in India after completing the NMC registration formalities.
 - You can easily communicate with a patient and a local as Vietnam's second most popular language is English.
 - If we look at the data of past years and today, the number of Indian students enrolling for MBBS in Vietnam is drastically increased showing its worthiness.
 - Universities of the Vietnam curriculum is according to the new gazette of NMC.

- 
- Vietnam is also a renowned country for Medical Facilities, medical equipment manufacture, and medicine manufacturing. Vietnam is now turning into medical tourism so very high-class medical expose can get a student in the medical field.
 - Vietnamese medical colleges fulfill all major points of the NMC gazette such as duration, Medium of Instructions English, Approved by the local government and health ministry of Vietnam, Hospital availability on the University Campus, and mandatory Internship or clerkship within the campus.

All the medical colleges in Vietnam emphasize practice over theory gives you a greater extent of practical experience that helps you during practice.

About University

APPROVED BY

VTT University stands as a prestigious institution situated in Vietnam, renowned for its unwavering dedication to excellence in education and cutting-edge research. VTTU was established in 2008 and is the first private university assigned by the Ministry of Education and Training to provide medical training in Vietnam. At VTTU, Medicine is a major that attracts a large number of candidates every year. The university has solidified its position as a front-runner in delivering top-tier academic programs while fostering a dynamic learning environment for its student body. VTT University offers a diverse array of programs spanning multiple disciplines, including engineering, medicine, business, arts, and sciences.

A standout feature of VTT University is its 350-bed teaching hospital, which plays a pivotal role in affording students invaluable hands-on experience in the realm of healthcare. Outfitted with cutting-edge facilities and staffed by seasoned medical experts, the hospital provides students with a real-world learning environment, enabling them to apply their theoretical knowledge in practical clinical settings. The university's infrastructure is renowned for its state-of-the-art facilities, well-appointed classrooms, and modern laboratories, providing students with an optimal setting for learning and conducting research.

VTT University places a strong emphasis on the holistic development of its students. In addition to academic programs, the institution provides a range of support services, including academic guidance, counseling, career advice, and extracurricular activities.

Furthermore, VTT University actively promotes international collaborations and partnerships with esteemed universities and institutions worldwide. This paves the way for academic exchanges, joint research initiatives, and the cultivation of cultural diversity and global perspectives among students and faculty members.

Upon completing their education at VTT University, students emerge well-prepared for prosperous careers. The institution's robust connections with industry, internship opportunities, and practical training programs endow students with a competitive advantage in the job market. Graduates of VTT University have made noteworthy achievements across various sectors, contributing significantly to society and the global workforce.
